

## **SERVICE LINE COVERAGE**

NBIC is thrilled to begin offering the valuable endorsement "Service Line Coverage" to the states of New York, New Jersey and Massachusetts effective 06/15/2016.

Service Line Coverage is an optional endorsement which provides payment for loss or damages resulting from a service line failure. A service line constitutes underground piping and wiring that is located at the residence premises and produces a service, such as delivering water or power to the dwelling or other structure from a utility or private water supply. A service line failure is physical damage that results in a leak, break, tear, rupture, collapse or arcing of a covered service line.

Many utility carriers offer this protection for \$75-100 or more annually. NBIC's Service Line Coverage has a \$10,000 limit with just a \$500 deductible and costs only \$22 per year!
